Subpart H—Other Policies Relating to Interests, Activities, and Relationships of Air Carriers

§ 399.91 Air carrier participation in programs of technical assistance to airlines of less developed countries.

- (a) Applicability. This policy shall apply to proceedings under sections 408, 409, and 412 of the Act in which the Board is required to make any determination as to the public interest or consistency with the Act of any agreement or relationship sought to be entered into by an air carrier, or officer or director thereof, with a foreign airline in connection with the performance of some activity pursuant to a technical assistance contract financed by an agency of the U.S. Government.
- (b) Policy. It is the policy of the Board that all U.S. air carriers interested in performing contracts for aviation technical assistance to foreign airlines should have equal access to information necessary to bid on such contracts, and should be given equal consideration thereafter in the award of such contracts based upon customary contracting criteria and subject to the considerations set forth below:
- (1) The air carrier selected should possess the necessary technical and managerial skills and economic strength to perform the assigned task in the recipient country to the credit of the United States. Where familiarity with the particular language and culture of the recipient country are important to the success of the project, weight should be given to the capabilities of all interested carriers in this regard, including particularly those which a route carrier may have acquired through service to the country or area.
- (2) Where a single U.S. route carrier is serving or is certificated to serve the recipient country or the region in which it is located, and where initiation or continued operation of the route by such carrier is an important national interest objective of the United States, weight should be given
